

Literacy

This term we will be focussing on the structure of sentences and the punctuation we need. We will be looking at instruction writing and using bossy verbs to record what you need to do. The children will then be able to write their own set of instructions linking to our topic of being healthy. The children will then link their topic learning to their literacy to write a report about animals.

ICT

Throughout this term the children will have the opportunity to use the internet to research areas linked with our topic and enhance their understanding.

Maths

In maths this term, we will be focussing on number, place value, addition, subtraction, multiplication and division. The children will be ordering numbers to 20 and beyond and recognising the tens and ones in two digit numbers. We will be using our number skills to help us to add and subtract one and two digit numbers using numicon, number lines and base 10 to support us.

Topic

Our theme for this half term is 'All About Me'. We will be looking at lifecycles and talking about how humans grow from a baby to an adult. The children will be thinking about the senses we have and how we can use them to survive. We will be looking at what it means to be healthy and how we can make healthy choices.

Hazel Class
Learning Map
Autumn 2017
Year 1&2

PHSE

Our focus this half term will be to look at 'Being Me' within the school community and how we can develop a healthy mind.

AT HOME

Please continue to support your child with their learning at home. This includes, reading, working on their spellings and weekly homework tasks set in the homework book.

RE

This half term we are thinking about the question 'Jesus taught us to be kind but is it possible to be kind to everyone all of the time?'

The children will be thinking of a time that they have been kind and bible stories that show kindness.

PE

Go – Active will be teaching us a range of gymnastic skills, building up to creating a routine using gymnastic skills in a sequence.

Art and DT

Linking to our topic this half term, the children will be designing and creating their own healthy snack.
